MARGIE'S FOOD IS REAL FOOD. . .

It's amazing how many ways you can make a meal cheaper and faster these days . . . Canned this . . . Pre-mixed that . . . Quick frozen, dry frozen, vacuum frozen. It seems the emphasis is all on cutting costs, cutting labor, and cutting prep time. You can't tell real potatoes from reconstituted potatoes; butter substitute from the real thing. And, that's not the whole story . . . there are antibiotics and steroids to fatten steers quickly; preservatives that make breads and cereals last forever; edible dyes to fool both your eye and your palate; imitation cream; and artificial sweeteners. Cheaper foods are made to resemble something more expensive.

We don't like that kind of flim-flam. We serve REAL food.

Years ago, when Margie was working as a banquet chef at a fancy Napa Valley hotel, we talked a lot about how we would someday have a plain old-fashioned diner and how we would serve simple American food, cooked with care and expertise.

At MARGIE'S DINER, we laugh and joke a lot, but don't be fooled. We are very serious about food. We are proud of what comes from the kitchen and the rest takes care of itself.

MARGIE'S DINER serves no pre-packaged, processed or commercially-prepared food of any kind. No microwave cooking. No mixes. No instant anything. THE FOOD THAT IS SERVED HERE, IS COOKED HERE! *The biscuits are baked each morning with fresh buttermilk. The gravies are made with*

real meat, not mixes or cans. The cheese is natural, not processed, and is hand-grated each day. The produce is delivered farm-fresh each morning. No frozen or canned veggies. We make the Ranch dressing daily from Hidden Valley Ranch ingredients. Our ground beef is ground for us fresh daily, never frozen. Steaks are hand-cut in our kitchen. The eggs are extra-large, farm-fresh, and cooked in individual egg pans. The orange juice is made each day from tree ripened fresh oranges. The coffee is 100% Colombian whole bean Farmer Brothers Coffee (regular and decaf), ground fresh daily. We use fresh dairy products. The cream is REAL cream, not a non-dairy substitute. The milkshakes are made with rich premium ice cream, not soft-serve mix. We proudly serve Norbest turkey breast, probably one of the best turkeys out on the market. The vegetarian burger we serve is a savory blend of fresh mushrooms, onions, whole grains and lowfat cheese from Gardenburger. Our thick center-cut Daily's bacon is honey-cured. We serve home-baked Sara Lee pies. We searched and searched for the perfect french fry, tasting thousands of brands (somebody had to do it), and found that only one - Simplot Battered Fries - met our standards.

We are talking about care in the kitchen, outstanding products, and GOOD OLD-FASHIONED HOME COOKING! It's not the cheapest way. It's not the easy way. It's not the fastest way. But it's our way and since this isn't Burger King, that's the way you get it.

WE HAVE MEAL TICKETS!

Ken's daddy once said when he got tired of viewing Toby's south end he'd find a good cook and open a restaurant. . . then he'd have no worries and a meal ticket for life. Well, Toby the plowhorse outlived dad and that part about opening a restaurant with no worries? He was wrong there, too. BUT, WE'VE GOT THE MEAL TICKET!
